Room for more choice in the bathroom.

Tylette Centre takes up no more floor space than an ordinary corner bathtub, but offers much more in the way of comfort, convenience and flexibility. This hydro-steam cabinet turns bathing from a practical necessity into a highly pleasurable way to relax, recharge your batteries and get ready to face the challenges of a new day.

It brings more choice into your bathroom – a self-contained world of water and steam where you can sit in comfort, unwind in clouds of soothing steam and enjoy the invigorating effect of all sorts of water therapy. And, so you can share these moments of bathing bliss, there are two fully integrated shower seats.

Tylette Centre hydro-steam cabinet

Generously equipped with steam bath, tropical cloudburst, cascade, body massage and shower functions – packaged in a stunningly attractive design.

The elegantly curved, tempered glass front has a space-saving sliding door that can be fitted to open left or right and gives a full 60 cm access width. The door may be hung on the right- or left-hand side. Two comfortable seats, one placed in the cor-

ner, are integrated into the wall sections, and all the connections for water and electricity, together with the steam generator are hidden behind the large mirrored wall. The cabinet can be angled to facilitate installation, but it is not possible to install this particular model mirror fashion. It comes complete with decorative halogen lighting inside and out.

Designed for corner installation. Connect to electricity (min. 10A), water supply and drainage. The steam generator

(4.5 kW) is convertible between 230V~ and 400 V2N~. Minimum water pressure: 2.5 bar. Run-off capacity: 50 litres per minute.
